Friends Grand Rapidans and Countrymen.

GIVE US THE TEM porary custody of your auricular appendage.

We want to sing the praises of the MAGEE MYS-TIC RANGE, and, sweet, you will find the song, tellstreet, with brick, cedar blocks and ing as it does, of a masterpiece of the stove makers' asphalt. Carried. By Alderman Turner-That \$176.50 art. Hundreds in the city of Grand Rapids can join be transferred from the contingent with us in testifying to its merits, as we have put hundreds into Grand Rapids homes.

There are none more dur-Ionia street be charged to correct an able, more economical, none more artistically finished, committee on streets confer with the none better bakers, none with reference to laying the track curve around the corner of Gold and Spect

BECAUSE it is a hard coal and wood range, it has an extra large oven, an extra large ash pan, an end hearth, with improved sliding lower quarantine is, as far as may in- top, a wide broiling door, a formation has been obtained, practi- full sheet flue, which protects cally unchanged since Dr. Jenkins re-turned from the island last might and five sides of the oven and

gives six boiling holes, all of which are available,

The oven bakes quickly and evenly with a very small fire. Boiling and cooking can be done over six holes at the same time; the fire kindles quickly, as the wen damper gives immediate connection with the himney without any obstruction whatever,

The Dock Ash Grate is also a particular feature of excellence possessed by no other range. By one turn of the dock ash the bars are reversed and a new side exposed to the fire, insuring durability.

They are of the finest quality of material and workmanship. You will find in the Magee Mystic Range all that can be desired, and we are sole agents for them
